COLOR MARKET

Every inspiration has a color and creating an inspiring pantone is the concept of Color Market. The classic English brick is the basis of color. Surface molded by hand that has been exposed to weather over the centuries undergoes a transformation through painting. Color Market's palette is the result of a collective process. Pantone, the world's leading color expert, guided the creation based on Home & Interior trends. The result is thrilling! Colors have gone through a transformation along the creative process. White colors gained polar shades, green shades translated landscapes and flavors, yellow shades are filled with personality and attitude, and much more to inspire you. custom pattern options offer true freedom of expression
