# MARVEL STONE PORCELAIN

NEMO  
TILE + STONE

*V2 Variation | Polished, Matte, & Shiny Finish | Thickness: 6mm, 9mm*

## MARVEL STONE

Marvel Stone is an extension to the 'Marvel' Collections aimed at contemporary luxury, including a range of marble and stone-look surfaces that combine the aesthetic, and the resilience and hard-wearing nature of porcelain tile and the practicality of ceramic. Porcelain floor tiles and white body wall tiles realistically recreate modern marble with bold veining and refined tones, bringing a touch of elegance and visual impact into a room for less.

## A Safe Choice

### EASY TO MAINTAIN

Porcelain tiles do not require any special maintenance.

### UV RESISTANT

Porcelain tiles maintain their colors even when exposed to continuous, direct sunlight or in contact with atmospheric agents or smog.

### SCRATCH RESISTANT

Porcelain tiles do not splinter, break or get damaged.

### EASY TO CLEAN

Porcelain tiles are easy to clean.

### WATERPROOF

Porcelain tiles are completely non-porous and therefore are not damaged by water or humidity.

### STAIN RESISTANT

Porcelain tiles are waterproof, no liquid can damage the surface.

### REISTANT TO CHEMICALS

Porcelain tiles do not stain and resist the most aggressive chemical agents.

### REISTANT TO ACIDS

Porcelain tiles are resistant to acids found in food and cleaning products.

### RESISTANT TO THERMAL SHOCK

A porcelain tile floor will not change as a result of sharp temperature fluctuations.

### FROST RESISTANT

Porcelain tiles are frost resistant and therefore are not damaged by low temperatures.

## Health Salute

### ZERO VOCs

Porcelain tiles do not require any special maintenance.

### ZERO PVC

Porcelain tiles maintain their colors even when exposed to continuous, direct sunlight or in contact with atmospheric agents or smog.

### ZERO FORMALDEHYDE

Porcelain tiles do not splinter, break or get damaged.

### ZERO ALLERGENS

Porcelain tiles are waterproof, no liquid can damage the surface.

### PREVENT BACTERIAL GROWTH

Porcelain tiles do not stain and resist the most aggressive chemical agents.

## Environment

### ENERGY EFFICIENCY

The high thermal inertia of porcelain tiles moderates the changes in temperature of the rooms, favoring energy savings.

### ECOLOGICAL

Porcelain tiles have a low environmental impact at all stages of their production, from the raw materials to disposal and recycling.

### RECYCLING AND REUSE

Porcelain tiles are made with recycled materials, last a long time, and can be re-used because they retain their original appearance.

### IDEAL FOR HEATING FLOOR SYSTEMS

Porcelain tiles can be effectively combined with floor heating systems.

## Safety

### NON-SLIP

Porcelain tile surfaces can be made with an abrasive surface grit that can increase traction and reduce the risk of slipping.

### FIRE RESISTANT

Porcelain tiles are not flammable, reduce the spread of flames, do not burn, and do not emit toxic fumes.

### HEAT RESISTANT

Porcelain tiles do not change shape at high temperatures.

## STOCKED IN 12X24:

- Marvel Stone - Carrara Pure - Matte
- Marvel Stone - Bianco Dolomite - Matte
- Marvel Stone - Bianco Dolomite - Polished
- Marvel Stone - Nero Marquina - Matte

## STOCKED IN 2X2 Mosaic:

- Marvel Stone - Bianco Dolomite Mosaic - Matte
- Marvel Stone - Carrara Pure Mosaic - Matte

# Certifications

Product / Prodotto

Product "Declarations" / Dichiarazioni di prodotto

## LEED V4

All Marvel porcelain floor and white body wall tiles can be used in projects that follow the guidelines of the GREEN BUILDING COUNCIL, which promotes the independent certification system LEED BD&C v4 (Leadership in Energy and Environmental Design, Building Design & Construction), whose parameters establish precise criteria for the design and construction of buildings that are healthy, energy efficient and with low environmental impact. All Marvel products in porcelain stoneware and in white clay can therefore contribute to obtaining the LEED V4 rating of buildings, in relation to different areas: Sustainable Sites, Materials and Resources, Internal Environmental Quality

## EPD

Marvel also has an EPD declaration, which attests to the environmental sustainability of its products. The EPD (Environmental Product Declaration) also assesses the life cycle of a product, from extraction to production, transport, installation, maintenance, and cleaning.

## HPD

Marvel has a HPD (Health Product Declaration) declaration, a complete report on the health characteristics of the finished product, compiled according to the HPD standard.
